

Regular Office Hours

Monday-Friday, 0800-1700
Pacific Time (PT)

Hours of Service for Entrance and Clearance

Inspection services for the entrance/
arrival of aircraft at Palm Springs
International Airport are available
seven days per week, 0600-2300 in
accordance with the port's
permission to land procedures.

Commercial aircraft operators
departing the U.S. must obtain an
outbound clearance by contacting
CBP directly.

Permission to Land Procedures

Palm Springs International Airport (KPSP) is designated as a
"user fee airport" [19 CFR 122.1(m); 19 CFR 122.15].

Pilots must secure permission to land by contacting CBP at
least one business day in advance of the anticipated arrival
time at Palm Springs International Airport.

Permission to land is granted with a tolerance of (+/-) 30
minutes. If your ETA deviates outside these parameters,
previously granted permission(s) are invalid and you must
contact the CBP port to re-secure permission to land.

Inspection Process

- Pilots must follow the direction of the ramp agents, who will marshal the aircraft into an available space.
- Do not offload baggage or passengers until instructed by a CBP Officer.
- All crew and passengers will be processed in the FIS area of the CBP GAF unless otherwise instructed.
- Ground transportation for passengers must meet them at the CBP facility.
- The passengers will not be allowed to re-board the aircraft and proceed to an FBO.

Special Procedures/Miscellaneous

- Palm Springs International Airport charges a "Customs Fee" for all arrivals.
- The fee schedule can be obtained from the FBO.
- All updates to flights must be done by telephone.
- Failure to notify CBP of a cancellation of an arrival may result in denial of future landing rights requests.

NOTE: For further detailed information regarding national GA processing standards and procedures, please refer to the CBP Private Aircraft Arrival Information Document or contact GAsupport@cbp.dhs.gov
