Subject: Babel Basics Exercises Incomplete

Hello,

I saw that you completed the Babel Basics course material today. I went in to the system to review your exercises and I am not seeing any of them completed. I wanted to see if you completed the exercises somewhere other than the training environment or if you had issues with the training? The exercises are a required part of Babel Basics to ensure that users have had some experience. (b)(7)(E) If you struggled with the exercises, I am happy to meet with you one on one to discuss this further. If you would like to try the exercises now, I have attached the workbook for your convenience and our records show you were assigned the below training environment user (I have reset that password for you). Please let me know! I cannot issue you Babel X credentials until the exercises are completed as they are a required part of the training.

Hi (b)(6), (b)(7)(C)

It was a pleasure talking to you this morning! I hope that helped to clarify the filter logic a bit. As promised you have been passed through the class and should hear from our customer experience team shortly with credentials. In the meantime, I have attached a few one-pagers that might be helpful for you as you begin working in Babel X! Don't hesitate to let us know if you have any more questions or concerns.

Have a lovely day!

Hi (b)(6), (b)(7)(C)

It was a pleasure talking to you this morning! I hope that helped to clarify the filter logic a bit. As promised you have been passed through the class and should hear from our customer experience team shortly with credentials. In the meantime, I have attached a few one-pagers that might be helpful for you as you begin working in Babel X! Don't hesitate to let us know if you have any more questions or concerns.

Have a lovely day!

Hi (b)(6), (b)(7)(C)

Can you tell me what account you used when you logged into do the exercises? For Babel Basics users login to Babel U and watch the training videos (which you definitely did), but the exercises are completed in the training environment which mimics Babel X. The exercises follow the workbook which is discussed in the training and available in Babel U (also attached here) (b)(7)(E) was set up as your training environment account per the introductory email (b)(7)(E) per the exercises (b)(7)(E) Did you use a different account in which to create the exercises?

Thanks,

(b)(6)

Hello,
Thank you for sending me the information. I was able to get through the workbook but I know I had a few imperfections. I hope I completed the required material. If there is more please let me know and I'll be glad to do it.

Subject: Babel Basics Exercises Incomplete

Hello,

I saw that you completed the Babel Basics course material today. I went in to the system to review your exercises and I am not seeing any of them completed. I wanted to see if you completed the exercises somewhere other than the training environment or if you had issues with the training? The exercises are a required part of Babel Basics to ensure that users have had some experience (b)(7)(E). If you struggled with the exercises, I am happy to meet with you one on one to discuss this further. If you would like to try the exercises now, I have attached the workbook for your convenience and our records show you were assigned the below training environment user (I have reset that password for you). Please let me know! I cannot issue you Babel X credentials until the exercises are completed as they are a required part of the training.
