Fall 2018

2018 Trade Symposium

CBP held its 2018 Trade Symposium Aug. 14-15 at the Marriot Marquis in Atlanta, Georgia. CBP hosted more than 1,100 members of the trade community, and attendees heard about hot button issues from both DHS Secretary Kirstjen Nielsen and CBP Commissioner Kevin McAleenan. This event also afforded CBP's Office of Trade, including the AD/CVD Division, to meet with members of the trade community. [Read more...](#)

AD/CVD Frequently Asked Questions

CBP recently published an updated Frequently Asked Questions document. Discover answers to questions, such as where to find the AD/CVD case number and AD/CVD rate for merchandise, and if bonds can be used to cover AD/CVD duties for imported merchandise. [Read more...](#)

Automated Commercial Environment (ACE) Definitions for AD/CVD Terms

Looking for a reminder or introduction to ACE definitions for AD/CVD terms? This document includes ACE terms that are found in the Search AD/CVD Case "Company Status" field (i.e., 10-digit level company case page). The Department of Commerce populates this information through the AD/CVD Case Reference File (CRF) within ACE. [Read more...](#)

AD/CVD Priority Trade Issue Brochure

CBP recently published an updated Priority Trade Issue for AD/CVD. The AD/CVD brochure summarizes CBP's efforts to detect and deter the circumvention of AD/CVD law and ensure a level playing field for U.S. industry. [Read more...](#)

Identifying AD/CVD Order Third Country Case Numbers in ACE

In the entry summary information submitted to CBP, the country of the AD/CVD case number must match the CBP country of origin. To ensure that importers properly report such entries from a third country as subject to AD/CVD, while still reporting them properly for CBP purposes, the Department of Commerce establishes third country AD/CVD case numbers associated with the relevant AD/CVD order and CBP country of origin. Los Angeles/Long Beach Steel Seminar

The Port of Los Angeles/Long Beach and CBP's Base Metals Center of Excellence and Expertise held the Steel Identification, Classification, and Trade Law Seminar Aug. 7-8. The program, presented by technical, commercial, and legal experts from the steel industry, offered a bidirectional educational opportunity for CBP representatives, other partner government agency representatives, and customs brokers regarding steel importations. The program is structured for customs broker personnel handling imported steel and CBP and partner government agency representatives engaged in steel enforcement. The next steel seminar will take place in Portland, Oregon.
