**Report of the work of the COAC  
Subcommittee on Next Generation Facilitation  
21<sup>st</sup> Century Customs Framework Task Force Report and Recommendations  
Statement**

21st Century Customs Framework The 21st Century Customs Framework (21CCF) Task Force provides an opportunity for representatives from trade, industry, CBP and PGA's to share inputs and perspectives on the 21CCF draft legislative concept. Since the June COAC public meeting, the focus group has had two meetings, August 3-4 in Schaumburg, IL, and a virtual meeting on August 23, to continue the deep dive the proposed statute changes with CBP. The focus group has reported out to the task force on the in-person meetings to obtain further feedback from the trade on viewpoints that should be shared with CBP. Along with the in-person meetings, additional weekly meetings were held to review and further discuss the proposed regulatory changes to find consensus and alignment between the trade and CBP via the task force and focus groups. The 21CCF Task Force may have recommendations at the public meeting.

The 21CCF Task Force may have recommendations at the public meeting. If so, more information will be posted next week: September 6<sup>th</sup>-September 9<sup>th</sup>, 2022.
