Gents this is more for NCR and NYAU however PBG and OTAU need to check to see if there is local protests and or riots.

We need to have crews on stand by in the NCR for 24/7 through the weekend and until further notice. Please come up with a plan. (b)(7)(E)

(b)(7)(E)

The other units please check in with me on what your local situation is. We can see how we can support, if needed, from there.

Please pass me the crew plan ASAP.

Importance: High

ALCON – Thank you for all the good reporting yesterday. Please continue to provide intelligence as it pertains to these civil disturbances going on across the country. If you get called in to provide either analytical or operational support please let (b)(6), (b)(7)(c) and I know where you are going and what support you will be providing. We need to maintain 100% personnel accountability.

For your awareness:

At this time, our local POEs/offices have not been adversely affected. Officers have been mustered and briefed on real time intelligence coming in from you as well as other components.

SRT has been put on standby orders for both local and national deployment.

We will keep you aware of any updates.

Be safe and let us know if you need anything.

Thx

(b)(6), (b)(7)(C) – Good afternoon.

Attached is the Federal Protective Service (FPS) Cross-Designation Training schedule for CBP officers. There are two upcoming sessions. One is tomorrow (7/8) at 1300 hours and the other is Thursday, 7/9 also at 1300 hours. This training is a requirement for CBP officers to provide immediate assistance to FPS if we are requested. Can you please identify and schedule officers and managers to take this course. Multiple employees may participate under one login, however we ask that the port compile a list of employees who take the training and submit that spreadsheet to NYFO PM: **(b)(6), (b)(7)(C)** upon completion.

If you have any questions please let me know.

Subject: (Action) Cross- Designation Training for CBP Officers in Support of Federal Protective Services

Good afternoon Directors,

Recent events have highlighted the value of interoperability among Federal law enforcement agencies. Security for many U.S. Customs and Border Protection (CBP) facilities is provided by our Homeland Security (DHS) colleagues with the Federal Protective Service (FPS). CBP has a vested interest in, and commitment to, supporting FPS in their mission. In order to fulfill this partnership, CBP officers and agents must complete the required cross-designation training to perform duties under the authority of FPS. FPS is providing additional training sessions for CBP **in the coming days**. Managers are requested to identify and schedule officers and supervisors to complete the one-hour on-line training in harmony with the attached schedule. The number of personnel that should take the training is a field decision based on local threats, intelligence, and discussions with FPS. Managers should encourage their local training unit(s), or other administrative unit, to maintain local records of this training for future requests.

Following the completion of the FPS sessions, Directors are encouraged to coordinate with their local Office of Chief Counsel (OCC) to provide those officers (and supervisors) with additional context and contrast for Fourth Amendment protections outside of the ports of entry *verses* inside the ports of entry. Additionally, Use of Force (U of) policy experts should highlight pertinent areas of CBP's policy and reiterate that CBP's use of force policy governs the actions of all officers, regardless of their collaborative duties with other law enforcement partners. Please have your instructors schedule time to conduct Use of Force Law and Policy review, utilizing the Instructor Guide (IG) Book: Use of Force Law and Policy. The IGB's can be found on the LESC website Less Lethal Branch / Instructor Resources / LLITP:

(b)(7)(E)

Although, the FPS training is the only requirement for CBP officers to provide immediate support to FPS, providing the whole-spectrum training/refresher elements, will ensure the most professional effort by the Office of Field Operations (OFO). If you have any further questions, please have a member of your staff contact the OFO Field Readiness Division at (b)(7)(E).
