Hello everyone,

Here is a DHS Statement – And the CBP website should have an update within a half hour or so. I will try to watch and see and notify when it it up.

"In accordance with the judge's ruling, DHS has suspended any and all actions implementing the affected sections of the Executive Order entitled, "Protecting the Nation from Foreign Terrorist Entry into the United States."

This includes actions to suspend passenger system rules that flag travelers for operational action subject to the Executive Order.

DHS personnel will resume inspection of travelers in accordance with standard policy and procedure.

At the earliest possible time, the Department of Justice intends to file an emergency stay of this order and defend the President's Executive Order, which is lawful and appropriate. The Order is intended to protect the homeland and the American people, and the President has no higher duty and responsibility than to do so."

Hello everyone, as we said last night, here is information about Canadian Landed immigrants.

1. Will Canadian immigrants affected by the Executive Order be eligible for entry to the United States?

Landed immigrants of Canada (not including refugees) who hold passports of a restricted country can apply for admission to the United States, if the individual presents that passport with a valid immigrant or nonimmigrant visa and proof of their landed immigrant status, and only if the travel both originates in Canada and is through a land border or Preclearance location.

2. Can Canadian immigrants affected by the Executive Order apply for an immigrant or nonimmigrant visa to the United States?

Landed immigrants of Canada (not including refugees) who hold passports of a restricted country can apply for an immigrant or nonimmigrant visa to the United States, if the individual presents that passport and proof of landed immigrant status to a consular officer. These applications shall be made at a U.S. consular section in Canada.

Dear Ms. (b) (6)

CLP will soon issue Carrier Bulletin/guidelines within this week to airlines regarding how to handle affected travelers from the Executive Order. Until then, U.S. Embassy recommends each airline contact (b) (7)(E) . (b) (7)(E) operates 24 hours a day, 7 days a week and will respond to all airlines' inquiry about U.S.-bound passengers.

I noticed that your e-mail address was excluded from our previous e-mail to airlines dated September 30, 2016 as attached. I will ensure that Korean Air e-mail contacts listed in the email below will be added in the future e-mail distribution to airlines.

Thank you.

To whom it may concern,

In terms of the executive order signed on 27th of Jan, KE needs to have the organized information in order to cooperate with CBP. As there are hundreds of articles out in terms of the order, we are very confused; some articles might include wrong information.

If you have an official guideline for airlines, your provision will be highly appreciated.

In addition, please provide us the condition of passengers whom KE should not allow to board.

Thank you for your cooperation.

Greetings Airline Representatives and Station Managers,

On behalf of CBP Attaché, (b) (6), (b) (7)(C), I'm reaching out to you with the following information and updates. Also please feel free to share this information with other check-in/boarding assistants and contracted boarding assistant appropriately.

The CBP Attaché Office, U.S. Embassy Seoul understands that airline check-in and gate agents for the U.S.-bound flights have experiences with U.S. Legal Permanent Residents (LPR) attempting to board U.S. bound flights with expired Permanent Resident cards with a validity period of 10 years. The Permanent Resident cards are

commonly referred to as “Green Cards”.

Airline personnel **are incorrectly** referring these LPRs to the U.S. Embassy for a valid unexpired Transportation Letter. Please note that a Transportation Letter is NOT required for U.S. green card holders with expired 10 year validity cards. Reference page 36 of the CBP Carrier Information Guide. Please see the below links to English & Korean version of the CBP publication.

Our team in BRU stated that (b) (7)(E) wanted the paperwork for all 18 passengers. Our team had to scan and forward the documentation for all travelers. Should this have been requested? Wasn't these movements expected? This was not required by our team in TLV.

Hi (b) (6),

We called CBP for these 2 passengers as requested but at the same time we were informed that each time that we have IOM Refugees we have to call them

for each passenger on the list irrespective if we have obtained a positive boarding pass for them.

Today we had to forward a copy of the paperwork for each passenger of this group (18 in total).

As they were booked on (b) (6) which is our last flight out we had the time to call them with all the names & paperwork but this might become a tight operation

when they are going to depart on (b) (6)

Please can you confirm with CBP if this is the course of action we need to take.

Thank you.

Best regards,

Hello Team,

We've just received information from CBP that approval has been granted for several immigrant refugees to travel to the U.S.

Although the U.S. President signed an executive order to temporarily suspended the Refugee Admissions Program for the next 120 days U.S. Customs and Border Protection (CBP) have advised that 872 approved immigrants, who were already in the system, would be allowed to continue travel to the U.S. We have been provided a list of those who are booked on UA flights and have confirmed 18 passengers are booked on (b) (6)

U.S. CBP has advised that these refugees will be holding the approved travel letter issued by the State Department and will not hold passports. We should receive positive boarding responses for each of these passengers as CBP has confirmed they are contained as approved for travel in their system. If we should receive an inhibit we will still need to go through the review process to ensure that no derogatory information has been obtained but the risk for this additional review should be minimal.

Below is the PNR information for each of the travelers expected to arrive for check-in on (b) (6).

Please let me know if you have any questions.

I don't think we have those numbers by airlines – and/or know exact numbers – at least right now. I can tell you that the people who would have to compile those numbers are probably knee deep in the next round of flights. So, if it can wait a few days, we can probably get it. But I doubt we have that number by airline right now. Hope that helps.

Do you have access to numbers of passengers who have been denied on Delta flights Sat – today so far?

Our CEO has asked for this info. I'm trying to gather from the various international gateways and arrival gateways but it is kind of spotty so far.

Can you provide numbers? Don't need specific details or names but just how many have been denied for Delta at international gateway or upon arriving to US (if any)?

In terms of the executive order signed on 27th of Jan, KE needs to have the organized information in order to cooperate with CBP. As there are hundreds of articles out in terms of the order, we are very confused; some articles might include wrong information.

If you have an official guideline for airlines, your provision will be highly appreciated.

In addition, please provide us the condition of passengers whom KE should not allow to board.

Do we have any news from U.S. CBP regarding a recent media report from Canadian Minister of Immigration.

He is quoting as saying Canada has been assured by the White House that people can enter the U.S. provided they have a valid Canadian permanent resident card and a passport from one of the seven countries affected.

Good Day (b)(6) and (b)(6)

Do we have any news from U.S. CBP regarding a recent media report from Canadian Minister of Immigration.

He is quoting as saying Canada has been assured by the White House that people can enter the U.S. provided they have a valid Canadian permanent resident card and a passport from one of the seven countries affected.

I have seen some (b)(7)(E) emails to deny boarding, 3 so far.

So just curious if CBP is sending the (b) response yet...

Thanks as always.

(b)(6) we haven't had time to put anything on the website yet, since as you know this came through so late last night, but I am sure some will be forthcoming.

I can see if they can provide numbers per carrier, but there were so many people last night that we had to look at that I don't now that we have an accurate count.

I can ask what you are seeing, but many are getting sent to [REDACTED] (b)(7)(E) = we may not have had time

Morning [REDACTED] (b)(6), (b)(7)(C) One of the questions I have is what info is on CBP, State, or the WH's websites so we can direct our customers to it...I have yet to see anything.

Would also like to see if CBP can provide us specific pax counts per airline. One of the big questions is

volume.

Finally, are we seeing the (b) response in AQQ for all of these pax, or is State not done yet with revoking the visas which would feed to CBP transmitting a (b) to carriers?

Thanks!!!
