Good Evening,

The below guidance is being provided again to ensure that all carriers are aware of the District Court's order in *Louhghalam v. Trump*, No. 17-cv-10154 (issued on January 29, 2017). That order is attached.

Airlines are informed that CBP will process all individuals arriving at Logan Airport in accordance with the law. Upon arrival at Logan International Airport all individuals will be processed in accordance with the law, including to determine if they are inadmissible. Those individuals who are inadmissible will be placed in appropriate removal proceedings and detained only where it is permissible under the law. *See* INA 235(b)(1). Carriers are reminded that it is unlawful to bring into the United States any alien who does not have a valid passport and an unexpired visa, if a visa was required under the Act or regulations issued thereunder.

Thank you,

Got one thing wrong. Seattle did not have denials yet from 7 countries, they expect them today per conversation with local CBP (941 people).

Today they have over 900 coming and were asked if locals could provide holding cells since CBP doesn't have enough space. Neither airport nor airline were informed ahead of time that denials were happening. Is there a new policy in place now that has been briefed to airports and airlines? If so, can you please share it or explain it to me. If not, when will this happen? I imagine if this is a problem in Seattle, it will be a huge issue nationwide. Appreciate any assistance you can offer.

Let's work on some messaging for airports and carriers. Perhaps you guys can host a conference call today?

Got one thing wrong. Seattle did not have denials yet from 7 countries, they expect them today per conversation with local CBP (941 people).

If so, can you please share it or explain it to me. If not, when will this happen? I imagine if this is a problem in Seattle, it will be a huge issue nationwide. Appreciate any assistance you can offer.

We talked to about 10 carriers and A4A. Just went over the changes and how we would notify the airlines through RCLGs. They had question about who pays for the return trip and what about dual nationals.

Deputy, had a call last night with 11 main carriers and the airline assoc. Holding additional calls today. Also, local Port Directors are coordinating directly with their airport counterparts.
